

THE ULTIMATE KNOWLEDGE SOURCE FOR MOBILITY ENGINEERING

WHAT IS SAE INTERNATIONAL?

SAE is the nexus that connects the engineering community for the purpose of life-long learning and the advancement of the mobility industry.

A professional society, SAE International is the authority on vehicle engineering. We develop more vehicle technical standards than any other organization. We offer the largest library of vehicle engineering content. And, we bring together the largest global network of engineers in the world.

Through a comprehensive collection of programs, products and services, we supply the information, tools, and technical know-how to help today's professionals do their jobs better while we ensure the development of the next generation of mobility engineers.

Since 1905, SAE has connected automotive, aerospace, and commercial vehicle engineers to each other and the technical resources needed to foster a lifetime of learning and the advancement of the mobility industry.

HOW DO WE DO THIS?

As the ultimate knowledge source for mobility engineering, SAE's comprehensive program, product, and service offerings afford the engineering community limitless opportunities to learn, develop, and connect so together, we can move industry forward.

LEARN

Standards, publications, media, training/education, and events help today and tomorrow's mobility professionals advance their projects, organizations, and careers.
